

3MSM Health Care Academy

3M Nordic Temperature Management Scientific Event

May 30-31st, 2018
Copenhagen, Denmark

2018 NORDIC SCIENTIFIC EVENT ABOUT TEMPERATURE MANAGEMENT

For the 7th year in a row, we at 3M are proud to invite you to the Nordic Temperature Management Scientific Event taking place this year in Copenhagen May 30-31st 2018.

This event has been highly appreciated by the delegates over the years and several participants return year after year. With a combination of best practise sharing, theoretical lectures from international experts, team workshops and hospital visits the event provides several perspectives and new input on temperature management of surgical patients.

This event is open for health care professionals with special interest in preventing hypothermia. It is a good idea to travel as a cross-professional team from the hospital (example AN-nurse, anesthesiologist and OR-staff) since it is often very valuable in order to align the teams involved in the surgical pathway in their temperature management approach to reach consistency and successful prevention of hypothermia and associated risks to improve patient outcome.

This year we will put an extra focus on temperature monitoring and European experts in the field will share new clinical research. We will introduce a new tool supporting implementation of available guidelines, developed in cooperation with one of the authors of the Danish national guidelines around hypothermia prevention in adult surgical patients. You will also get the opportunity to listen to and see how the new Bair Hugger temperature monitoring system has been implemented at Hvidovre Hospital in Copenhagen through a field visit, to share insights and ideas around implementing a new clinical practise.

The event will take place in association with the ESA European Society of Anesthesiology Congress in Copenhagen June 2-4th 2018. Read more about ESA Euroanesthesia Congress and register at; <http://euroanaesthesia2018.esahq.org/>

AGENDA

Wednesday May 30th

09.30 - 10.00 **Arrival / coffee & sandwich**

10.00 - 12.00 Meet & Greet session - sharing local praxis and experiences within temperature management, 10 min/ participant

12.00 - 13.00 **Lunch**

13.00 - 13.45 Treatment of perioperative hypothermia at Meilahti Hospital, Finland, - New guidelines and implementation
Maria Talling, MD, PhD HUCH Hospitals/ Meilahti Hospital

13.45 - 14.00 **Coffee**

14.00 - 14.30 A new tool to support guideline implementation NEW eLearning module DK guideline

14.30 - 15.00 Transport to the hospital

15.00 - 17.15 Hospital visit

19.00 - **Dinner**

Thursday May 31st

08.30 - 09.15 Patient perspectives on passive vs active warming, outcome from a Swedish study
Ingrid Gustafsson, PhD student, Linnaeus University Sweden

09.15 - 10.15 Appropriate Evaluation of peri-operative hypothermic patients
Prof. Dr. med. Anselm Bräuer, D.E.A.A. University Hospital Göttingen, Germany

10.15 - 10.30 **Coffee**

10.30 - 12.30 Workshop

12.30 - 13.30 **Lunch**

13.30 - 14.30 Presentation of workshop outcome and conclusion

14.30 - 15.00 Wrap-up and evaluation

Welcome to this event!

This event will be arranged at 3M Denmark, Hannemanns Allé 53 in Ørestad, Copenhagen close to Kastrup Airport. From Kastrup Airport you can take a taxi (10 min) or the regional train to Ørestad station and arrive at walking distance to the 3M location. Hotel reservations will be arranged at the Crowne Plaza hotel just across the street.

3M is happy to help with hotel reservation at Crowne Plaza. Please let us know in your registration if you would like us to contact you to support room reservation according to your needs.

The number of delegates for this event is limited, please sign up using the attached registration form and send to Nina Sigurdson; nsigurdson.cw@mmm.com as soon as possible to ensure registration. Confirmation of registration and attendance will be sent by e-mail.

Please notice that all event participants should be approved to participate by their head of department / employer. In accordance to the MedTech Finland ethical rules, 3M will cover:

- Hotel accommodation Copenhagen (1 x night)
- Return flight ticket (Helsinki-Copenhagen). Morning flight May 30th – Afternoon flight May 31th economy class.
- Meals during the 3M event
- Return regional train ticket Copenhagen airport - Ørestad station Copenhagen

3M will not cover:

- any extra travel cost
- any extra hotel cost / accommodation
- any cost related to ESA congress after 3M event

Would you like to have more event details from your Finnish 3M representative? If so, then please contact epatrakka@mmm.com

Please notice that Suomen 3M Oy comply with local Medtech Finland / Sailab ethical rules. Read more about Medtech Finland / Sailab ethical rules here: <https://www.sailab.fi/tietoa-ja-tyokaluja/suosituksset/eettiset-ohjeet/>

Crowne Plaza Copenhagen Towers hotel is located at Ørestads Boulevard 114-118.

Registration Form

This registration accounts for:

Full name (as written in your passport)

Title _____

Hospital: _____

Department: _____

Food allergies or special diet: _____

Do you have approval to join our event from your head of department / employer? Yes No Coming soon

Contact information:

Phone: _____

E-mail: _____

Hotel room? Yes No

I would like a hotel room from _____ to _____

Please register before May 4th 2018 by e-mail to:

nsigurdson.cw@mmm.com
